

SHIRA ROUTE

The **Shira Route** is a little used trail that begins near Shira Ridge. Although Shira is a varied and beautiful route, it is not recommended due to the high altitude of Shira's starting point which is accessed by vehicle. It is possible that climbers will experience altitude related symptoms on the first day. Climbers using Shira should be confident of their ability to acclimatize quickly.

Phone: (702) 570-4970
Email: info@UltimateKilimanjaro.com

The route approaches Mount Kilimanjaro from the west, beginning with a long drive from Moshi to Shira Ridge. The vehicle bypasses the rain forest zone and the hiking trail begins on Shira Ridge. The Shira route crosses the entire Shira Plateau from west to east in a pleasant, relatively flat hike. Then the route traverses underneath Kilimanjaro's Southern Ice Field on a path known as the Southern Circuit before summiting from Barafu. Descent is made via the Mweka route.

Ultimate Kilimanjaro® offers Shira as a seven or eight day private climb.

7 DAY SHIRA ITINERARY

DAY 1

Shira Gate to Simba Camp

Elevation: 11,800 ft to 11,800 ft
Hiking Time: 1-2 hours

Distance: 4 km | 2 miles
Habitat: Heath

We depart Moshi for Londerossi Gate, which takes about 4 hours; here we will complete entry formalities while guides and porters prepare equipment. We then continue to drive up a steep path to the Shira Gate where we will begin the hike. The trek starts through shrubs and giant heather until we reach Simba Camp.

DAY 2

Simba Camp to Shira 2 Camp

Elevation: 11,800 ft to 12,500 ft
Hiking Time: 2 hours

Distance: 6 km | 4 miles
Habitat: Heath

Today is a fairly easy day to help with acclimatization. We begin by exploring the grassy moorland and volcanic rock formations on the plateau. Then we take a scenic path to the Shira Cathedral, a huge buttress of rock surrounded by steep spires and pinnacles, before settling at Shira 2 Camp.

DAY 3

Shira 2 Camp to Lava Tower

Elevation: 12,500 ft to 15,190 ft
Hiking Time: 4-5 hours

Distance: 7 km | 4 miles
Habitat: Alpine Desert

Lava Tower to Barranco Camp

Elevation: 15,190 ft to 13,044 ft
Hiking Time: 2-3 hours

Distance: 3 km | 2 miles
Habitat: Alpine Desert

We continue to the east up a ridge and then head southeast towards the Lava Tower – a 300 ft tall volcanic rock formation. We descend down to Barranco Camp through the strange but beautiful Senecio Forest to an altitude of 13,000 ft. Although you begin and end the day at the same elevation, the time spent at higher altitude is very beneficial for acclimatization.

DAY 4

Barranco Camp to Karanga Camp

Elevation: 13,044 ft to 13,106 ft
Hiking Time: 4-5 hours

Distance: 5 km | 3 miles
Habitat: Alpine Desert

We begin the day by descending into a ravine to the base of the Great Barranco Wall. Then we climb the non-technical but steep, nearly 900 ft cliff. From the top of the Barranco Wall we cross a series of hills and valleys until we descend sharply into Karanga Valley. One more steep climb up leads us to Karanga Camp. This is a shorter day meant for acclimatization.

DAY 5

Karanga Camp to Barafu Camp

Elevation: 13,106 ft to 15,331 ft
Hiking Time: 4-5 hours

Distance: 4 km | 2 miles
Habitat: Alpine Desert

We leave Karanga and hit the junction which connects with the Mweka Trail. We continue up to the rocky section to Barafu Hut. At this point, you have completed the Southern Circuit, which offers views of the summit from many different angles. Here we make camp, rest and enjoy an early dinner to prepare for the summit day. The two peaks of Mawenzi and Kibo are viewable from this position.

DAY 6

Barafu Camp to Uhuru Peak

Elevation: 15,331 ft to 19,341 ft
Hiking Time: 6-8 hours

Distance: 5 km | 3 miles
Habitat: Arctic

Uhuru Peak to Mweka Camp

Elevation: 19,341 ft to 10,065 ft
Hiking Time: 4-6 hours

Distance: 12 km | 7 miles
Habitat: Rain Forest

Very early in the morning (around midnight), we begin our push to the summit. This is the most mentally and physically challenging portion of the trek. The wind and cold at this elevation and time of day can be extreme. We ascend in the darkness for several hours while taking frequent, but short, breaks. Near Stella Point (18,900 ft), you will be rewarded with the most magnificent sunrise you are ever likely to see coming over Mawenzi Peak. Finally, we arrive at Uhuru Peak- the highest point on Mount Kilimanjaro and the continent of Africa.

From the summit, we now make our descent continuing straight down to the Mweka Hut camp site, stopping at Barafu for lunch. The trail is very rocky and can be quite hard on the knees; trekking poles are helpful. Mweka Camp is situated in the upper forest and mist or rain can be expected in the late afternoon. Later in the evening, we enjoy our last dinner on the mountain and a well-earned sleep.

DAY 7

Mweka Camp to Mweka Gate

Elevation: 10,065 ft to 5,380 ft
Hiking Time: 3-4 hours

Distance: 10 km | 6 miles
Habitat: Rain Forest

On our last day, we continue the descent to Mweka Gate and collect the summit certificates. At lower elevations, it can be wet and muddy. From the gate, we continue another hour to Mweka Village. A vehicle will meet us at Mweka Village to drive us back to the hotel in Moshi.

7 DAY SHIRA ITINERARY

Day	Start	Altitude (m)	Altitude (ft)	Finish	Altitude (m)	Altitude (ft)	Time (hrs)	Distance (km)	Distance (miles)
1	Shira Gate	3,600	11,800	Simba Camp	3,600	11,800	1-2	4	2
2	Simba Camp	3,600	11,800	Shira 2 Camp	3,810	12,500	2	6	4
3	Shira 2 Camp	3,810	12,500	Lava Tower	4,630	15,190	4-5	7	4
	Lava Tower	4,630	15,190	Barranco Camp	3,976	13,044	2-3	3	2
