

9 DAY NORTHERN CIRCUIT

☀ DAYTIME SUMMIT

The Northern Circuit route is one of the best routes on Kilimanjaro, offering nearly 360 degrees of beautiful scenery including the quiet, rarely visited northern slopes. As the longest route on Kilimanjaro, the Northern Circuit also has the most acclimatization time and the highest summit success rate. Thus, the Northern Circuit route is highly recommended.

The route approaches Mount Kilimanjaro from the west, beginning with a long drive from Moshi to Londorossi Gate. From there, the first two days are spent trekking through the rainforest to Shira Ridge, before crossing the Shira Plateau. The route then heads north and circles clockwise from Moir Hut to Buffalo Camp to School Hut, before summiting from the east. Descend is made via the Mweka route.

9 DAY NORTHERN CIRCUIT ITINERARY

DAY 1

Londorossi Gate to Mti Mkubwa

Elevation: 7,742 ft to 9,498 ft

Distance: 6 km | 4 miles

Hiking Time: 3-4 hours

Habitat: Rain Forest

We depart Moshi for Londorossi Gate, which takes about 4 hours, where you will complete entry formalities. Then drive to the Lemosho trailhead. Upon arrival at trailhead, we begin hiking through undisturbed forest which winds to the first camp site.

DAY 2

Mti Mkubwa to Shira 1 Camp

Elevation: 9,498 ft to 11,500 ft

Distance: 8 km | 5 miles

Hiking Time: 5-6 hours

Habitat: Heath

We continue on the trail leading out of the rain forest and into a savannah of tall grasses, heather and volcanic rock draped with lichen beards. As we ascend through the lush rolling hills and cross several streams, we reach the Shira Ridge before dropping gently down to Shira 1 Camp. Here we catch our first glimpse of Kibo across the plateau.

DAY 3

Shira 1 Camp to Moir Hut

Elevation: 11,500 ft to 13,800 ft

Distance: 11 km | 7 miles

Hiking Time: 5-7 hours

Habitat: Heath

We explore the Shira Plateau. It is a gentle walk east on moorland meadows towards Shira 2 Camp. The heath zone displays abundant wildflowers and unique Senecio trees. Then we divert from the main trail to Moir Hut, a little used site on the base of Lent Hills. A variety of walks are available on Lent Hills making this an excellent acclimatization opportunity. Shira Plateau is one of the highest plateaus on earth.

DAY 4

Moir Hut to Buffalo Camp

Elevation: 13,800 ft to 13,200 ft

Distance: 12 km | 7 miles

Hiking Time: 5-7 hours

Habitat: Alpine Desert

We trek out of Moir Valley with a moderately steep climb, then hike to the summit of Lent Hills before returning to the main trail. The path crosses a rock field and gently undulates before reaching Buffalo Camp. This section of the trail offers great views across the plains that lie north of Kilimanjaro and stretch out to the Kenyan/Tanzanian border.

DAY 5

Buffalo Camp to Third Cave

Elevation: 13,200 ft to 12,700 ft

Distance: 8 km | 5 miles

Hiking Time: 5-7 hours

Habitat: Heath

As we head up Buffalo Ridge, the terrain becomes increasingly sparse. This route is rarely travelled and we will enjoy its mountain wilderness feel. We trek through remote valleys on to the northern slopes of Kilimanjaro until we arrive at Third Cave.

DAY 6

Third Cave to School Hut

Elevation: 12,700 ft to 15,600 ft

Distance: 5 km | 3 miles

Hiking Time: 4-5 hours

Habitat: Alpine Desert

We climb steadily up and over the "Saddle," which sits between Kibo and Mawenzi. We continue on to our camp, School Hut. Once here we make camp, rest and enjoy dinner while preparing for the summit day.

DAY 7

School Hut to Uhuru Peak

Elevation: 15,600 ft to 19,341 ft

Distance: 6 km | 4 miles

Hiking Time: 7-9 hours

Habitat: Arctic

Uhuru Peak to Barafu Camp

Elevation: 19,341 ft to 15,331 ft

Distance: 5 km | 3 miles

Hiking Time: 2-3 hours

Habitat: Alpine Desert

In the morning light, we begin our push to the summit. This is the most mentally and physically challenging portion of the trek. We ascend for several hours while taking frequent, but short, breaks. Upon reaching the crater rim, you arrive at Gilman's point (18,600 ft), with the summit within striking distance. Finally, we arrive at Uhuru Peak - the highest point on Mount Kilimanjaro and the continent of Africa.

From the summit, we make our descent to Barafu Camp, where we celebrate our achievement and enjoy a well-earned sleep.

DAY 8

Barafu Camp to Mweka Camp

Elevation: 15,331 ft to 10,065 ft

Distance: 7 km | 4 miles

Hiking Time: 2-3 hours

Habitat: Rain Forest

We make our descent going straight down to Mweka Camp, which is situated in the upper forest. The trail is very rocky and can be quite hard on the knees; trekking poles are helpful. Later in the evening, we have our last dinner on the mountain.

DAY 9

Mweka Camp to Mweka Gate

Elevation: 10,065 ft to 5,380 ft

Distance: 10 km | 6 miles

Hiking Time: 3-4 hours

Habitat: Rain Forest

On our last day, we continue the descent to Mweka Gate. At lower elevations, it can be wet and muddy. A vehicle takes us back to the hotel in Moshi, where we receive our summit certificates.

9 DAY NORTHERN CIRCUIT ITINERARY

Day	Start	Altitude (m)	Altitude (ft)	Finish	Altitude (m)	Altitude (ft)	Time (hrs)	Distance (km)	Distance (miles)

Why Climb With Ultimate Kilimanjaro®?

Ultimate Kilimanjaro® is, quite simply, the #1 guide company on Mount Kilimanjaro.

EXPERT GUIDES

- Hand selected, licensed local guides
- Decades of climbing experience
- Certified Wilderness First Responders

HIGH QUALITY STANDARDS

- Rugged, 4-season Mountain Hardwear tents
- Hot meals from fresh, local ingredients
- Private toilet tent on all climbs

SAFETY FOCUSED

- Trained in first aid & mountain rescue
- Health checks performed twice per day
- Emergency oxygen included on all climbs

HAPPY CUSTOMERS

- 89-year-old Guinness World Record holder
- Celebrities, television hosts & producers
- US Senator, US Ambassador & Lt. Governor

Ultimate Kilimanjaro® is an authoritative expert in the industry. We have been featured in best selling books, award winning documentaries, television shows, international magazines and newspapers.
